DETAILED ACTION

1. This action is in response to applicant's amendment received on September 19, 2005.
2. Applicant's cancellation of claims 2, 6-16, 18, 20, 22-33 and 35 is acknowledged.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jeffrey M. Andersen on November 10, 2005.

4. The application has been amended as follows:

Claim 1 - lines 9-12, the recitation: "a support assembly disposed on the housing; and ... for providing stability to the nail loading assembly," has been replaced by the following:

--a support assembly disposed on the housing having a support member, wherein said support member having serrated portion;

a support bar assembly disposed on the angle nose casting assembly having a support bar, wherein said support bar having serrated portion;

wherein said serrated portion of said support member configured to engage said serrated portion of said support bar;--

Claim 19 – lines 12-15, the recitation: “a support assembly disposed on the housing; and ... for providing stability to the nail loading assembly,” has been replaced by the following:

--a support assembly disposed on the housing having a support member, wherein said support member having serrated portion;

a support bar assembly disposed on the angle nose casting assembly having a support bar, wherein said support bar having serrated portion;

wherein said serrated portion of said support member configured to engage said serrated portion of said support bar;--

Claims 36-63 have been canceled.

5. The following is an examiner's statement of reasons for allowance:

The support assembly including the support member having serrated portion, and the support bar assembly including the support bar having serrated portion; wherein the support member and the support bar are configured to engage at their serrated portion. The combination as set forth in the claims are not disclosed, taught, or suggested in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
